Description:

Under close supervision, the Road Department Operator I is a semi-skilled to skilled position consisting of equipment operation, manual labor, and maintenance repair of various pieces of light and heavy motorized equipment and trucks used in road construction, road maintenance, inclement weather, and other generalized work. Incumbent may be used as a relief operator on equipment of a higher class if qualified and trained.

Responsibilities:

The responsibilities herein are intended to describe the general nature of work performed by this position, and are not to be construed as an exhaustive list of responsibilities, duties, and skills. Furthermore, they do not establish a contract for employment and are subject to change at the discretion of the Jackson Parish Policy Jury.

- The Operator I is responsible for operating Class B light and medium-sized, self-propelled equipment such as boom trucks, bobtail trucks, tractor-trailers, dozers, excavators, single axle, tandem axle, dump trucks, flatbed trucks, self-propelled rollers, forklifts, backhoes, and other trucks of like-kind.
 - Basic operating skills include hauling, loading, mowing, and picking up and transporting debris and scrap metal

- Knowledge of traffic laws, ordinances, and rules involving the operation of automotive vehicles
- Ability to drive various pieces of equipment used by the Police Jury
- Expected to be cross trained on ALL equipment required of Operator I classification and be available to fill in in the absence of another Operator I as needed
- May be asked to perform duties of Operator II as needed if qualified, trained, and licensed (at the appropriate set-up rate)
- May be asked to perform duties of Specialty Equipment Operator (Road Grader) if qualified, trained, and licensed (at the appropriate set-up rate)
- Ready to learn from on-the-job training when necessary
- Follows safety procedures and practices as required, as well as wearing required safety equipment
- Performs other job-related duties as assigned

Distinguishing Characteristics of Job:

Operator I is the entry level Operator class in the Road Department and is distinguished from the Road Department Operator II level by the performance of the more routine tasks and licensing qualifications. Since this class is typically used as an entry-level training grade, employees may have limited or indirectly related work experience. Constant supervision is not necessary for familiar tasks that can be performed without difficulty once learned.

After successfully becoming proficient in the above responsibilities and completing cross training in other Road Department programs, employees in this classification may serve as back-up operators and may be temporarily assigned to other areas.

This work is of average difficulty. The primary responsibility is for the safe and efficient operation of assigned equipment. Definite assignments are given by a Supervisor or Superintendent, and the work is checked frequently for satisfactory progress.

Tasks routinely require the regular and, at times, sustained performance of moderately physically demanding work, typically involving some combination of climbing and balancing, stooping, kneeling, crouching, and crawling, and that may involve the lifting, carrying, pushing, and/or pulling of moderately heavy objects and materials (up to 100 pounds).

Work involves exposure to dirt, fumes, inclement weather, and safety hazards. Incumbent may be required to work unscheduled overtime.

Normally works a regularly assigned shift; however, management has the ability to change the work schedule by sending members of this class home later in the same work week so that total hours actually worked in the work week will not exceed 40 hours.
